Specific Eligibility Criteria for Students with Disabilities

<p style="writing-mode: vertical-rl; transform: rotate(180deg);">NCEXTEND2 EOG</p>	<ul style="list-style-type: none"> • The student must have a current IEP. • The student DOES NOT have a current Section 504 Plan. • The student, if identified as limited English proficient (LEP), must also have a current IEP. • The student IS NOT identified as having a significant cognitive disability. • The student IS NOT receiving instruction in the NCSCS through the Extended Content Standards. • The student’s progress in response to high-quality instruction is such that the student is not likely to achieve grade-level proficiency within the school year covered by the IEP. • The student’s disability has precluded the student from achieving grade-level proficiency, as demonstrated by <u>objective evidence</u>, (e.g., results from standardized state tests, IQ tests, achievement tests, aptitude tests, and psychological evaluations. It is the expectation that more than one objective measure would be used to assist in the evaluation of a student’s assessment placement.) • The student’s IEP must include goals that are based on grade-level content standards and provide for monitoring of the student’s progress in achieving those goals. • The nature of the student’s disability may require assessments that are different in design.
