

Non-Title I Schools Required to Amend their School Improvement Plan (Updated November 21, 2005)

Title I schools had to miss making AYP two consecutive years in the same content area to enter School Improvement and must meet all targets in that content area for two consecutive years to exit School Improvement. Non-Title I schools do not have the same sanctions as the Title I schools but must amend their School Improvement Plans if they miss making AYP two consecutive years in the same content area and must meet all targets in that content area for two consecutive years to no longer have to amend their School Improvement Plan.

* = school has met all targets in the same content area that required the amendment of their School Improvement Plan. Progress is then being made toward exiting status.
