Instructions: The questions/information in this memorandum must be completed, and the appropriate approvals obtained prior to initiating a Request for Proposal (RFP) or any contract paperwork, including amendments. All appropriate requested questions and information must be answered and completed, or the form will be returned. provided are room and board, meals, classrooms and other necessary provisions for the 335 students who have been selected to attend.

4. How does the contract add value to the teaching/learning process? Value is added within the domain of curriculum and instruction. The 335 students attending, rising juniors and seniors, are among the most academically and intellectually gifted students within the state, coming together to study advanced mathematics, social science, English, natural science, languages, and the arts. This study is not a repeat of high school course work, but a stretch beyond what is taught within secondary education. Additionally, the students for the first time will get to study philosophy/epistemology and psychology, which is presented as a study of self in society. In every sense of the word, the school is a non-traditional high school program, offering a unique and personal learning environment in a residential setting seven days a week.
5. Is the service unique and not repetitive with agency activity or other contracts? Please state why this service cannot be performed within the resources of the agency. The Governor's School is most unique. It is the only residential educational program for gifted and talented students that is operated by the State Board of Education and the Department of Public Instruction.
6. What is the impact, if you do not contract for these services? If we are unable to contract with the host college for this service, Governor's School will not be able to operate.
7. If this contract is being paid with grant money, does the grant require the contracted services? Please describe the grant references to these contracted services, and give a synopsis of the grant. N/A
8. Will you use competitive bidding (e.g., RFP?) If yes, skip the remaining questions # 9 through # 12. No.
9. Are you using an IT Supplemental Staffing Convenience Contract or other type of convenience contract? If yes, please skip question # 10 and complete questions # 11 and # 12. No.
10. Do you plan to request sole sourcing for this contract? If yes, please complete and attach the required sole source justification memorandum. Sole sourcing is warranted whenever only one acceptable source can be found; sole sourcing should never be the first consideration. (**Important:** The approval of the DPI Section Chief for Purchasing and Contracts, and approval by the Division of Purchasing and Contracts or ITS Procurement Services is required for sole sourced contracts.) Yes.
11. Have you contracted with this vendor previously for related services? If yes, please provide the contract number of all contracts with this vendor during the last twelve months. Yes. This is an annual contract with Salem College. The last contract covered the dates of June 1, 2016 – July 29, 2016.
12. How did you calculate the cost (e.g., what is the cost per hour and number of hours?) If the cost per hour is above the DPI maximum for that type of service per the New Service Contract Policies, please attach the required written permission granted by the Deputy Superintendent. Cost is based on services provided. See attached budget sheet.

13. Is this contract for information technology services? No.
