

The NC WISE Configuration Control Board (CCB)

The NC WISE CCB consists of NC WISE LEA Coordinators that meet monthly to review and advise NCDPI on enhancements, functionality and best practices of the student information system (SIS). This group worked to provide input on the next generation of the SIS. This input was used to inform the new SIS implementation (i.e, PowerSchool). The NC WISE CCB will begin transitioning from focusing primarily on the current SIS (i.e., NC WISE) to focusing on the new SIS (i.e., PowerSchool). The meetings are virtual with select members attending face-to-face. Following the transition, this group will be renamed. The members of this group are:
