# One Place. One Login.

Find It All At Home Base.<sup>SM</sup>

## THINK OF...

A place that starts with possibilities and ends with victory. It's where hard work and teamwork come together. It's easy to use. It's a starting point for success and it's everyone's goal to get there.

## WE ARE ON OUR WAY...

Home Base is quite literally your "home base," where you will easily find instructional and professional tools in one place – under one login. It's where you'll take attendance, post grades, create your lesson plans, and communicate with students, parents and other educators. You'll have access to assessment data, as well as the ability to create and deliver assessments.

You'll be able to earn Continuing Education Units through Home Base, as well as have access to professional development resources and educator evaluation data. All of this and more will be available in a suite of technology tools housed in one place.

Students will be able to access their schoolwork, grades and learning activities. Parents will be able to view their child's attendance and progress, and administrators can monitor data on students, teachers and schools.
