

IHE Master's Performance Report

Appalachian State University

2007 - 2008

Overview of Master's Program

Appalachian State University is a comprehensive university offering a broad range of graduate programs. Currently, there are 22 teacher education licensure programs at the master level, two at the specialist level, and one at the doctoral level. This wide assortment of teacher licensure programs is designed to challenge and educate those who pursue advanced degrees that incorporate 21st Century Learning Skills. The University's only doctoral program, the EdD in Educational Leadership, is a teacher licensure program designed to extend or enhance doctoral students' development as leaders in educational settings. The teacher education program is administered through the Reich College of Education (RCOE). The RCOE works closely with other degree granting colleges/schools that house teacher education programs and also maintains a positive working relationship with the Dean's Office in the Graduate School. Graduate programs in the RCOE and graduate teacher education programs outside the college enroll approximately 65% of all students admitted to graduate school and generates approximately 80% of the university's graduate enrollment. The teacher education program is fully accredited by NCATE and all licensure programs are fully approved by the NC State Board of Education. Graduate programs offered are: Child Development: B-K, MA; Curriculum Specialist, MA; Educational Media: Instructional Technology Specialist/Computers, MA; Elementary Education (K-6), MA; English, Secondary Education, MA; Family and Consumer Sciences, Secondary Education, MA; French, Secondary Education, MA; History, Secondary Education, MA; Industrial Education: Secondary School Teaching, MA; Library Science: School Libraries, MLS; Mathematics, Secondary Education, MA; Middle Grades Education with concentrations in Language Arts, Social Studies, Mathematics, and Science, MA; Music Education with concentrations in Band Directing, Choral Directing, General Music, and General Music Education, MM; Reading Education: Classroom Clinical (K-12), MA; Spanish, Secondary Education, MA; Special Education: Cross Categorical, MA. Other graduate level teacher education programs are: Communication Disorders (K-12), MA, ASHA accredited; Counseling and Guidance (School Counseling), MA, CACREP accredited; Educational Administration, EdS; Educational Leadership, EdD; School Administration, MSA; and School Psychology, Level II, MA, SSP, NASP accredited. Faculty members hold appropriate terminal degrees and are deeply knowledgeable in the many teacher education disciplines offered. They are accomplished members of their respective research communities, contributing this year to the storehouse of knowledge in their disciplines through more than 140 scholarly publications, and 313 presentations at state, regional, national, and international meetings and conferences. Faculty were involved in more than 170 activities with NC public schools.

Special Features of Master's Program

ASU and the RCOE have a deep commitment to serve the educational needs of students in graduate programs leading to licensure as public school educators. Graduate programs are a way for students to extend their knowledge, deepen their understandings, and sharpen the skills already acquired through their previous studies and professional experiences. Graduate licensure students and their academic pursuits are valued. Class sizes are small and provide opportunities for one-on-one conversations with faculty. Graduate students present with faculty at conferences and often become part of teams with professors doing high quality research. Graduate studies in teacher education are focused and personalized, and are characterized by academic rigor and professional relevance. Programs are contemporary and, while grounded in their respective theoretical bases, practical; there is a solid grounding in theory balanced by high practicality. Internships, practica, and/or field related experiences/assignments are required as integral components of the programs. Practitioners are used as clinical professors as appropriate. The importance of technology for instructional purposes is evidenced and supported by technology rich classrooms, up-to-date technology labs, and 5 full-time technology support personnel within the RCOE. The use of multi-faceted admission criteria into graduate level teacher education programs broadens the applicant pool, encourages more practitioners to apply, and enhances and enriches the student population. In addition to more traditional criteria, programs may also consider the quality of the applicant's professional experience, achievements earned, and honors received when reviewing for admission. Program areas have implemented the Product of Learning and it is an integral part of each candidate's program of study and is given the same status/priority by the graduate school as the comprehensive exam and thesis. ASU leads the UNC system in the number of off campus programs in teacher education and related areas. Teacher education generates approximately 85% of graduate extension enrollment and graduate credit hours. A total of 4,213 course enrollments in 275 courses at the graduate level were recorded. Programs work closely with the Office of Continuing Education and the ASU-Public School Partnership to identify needs and locations for the off-campus programs. Over 80% of the graduate off-campus cohort programs offered during this report year were teacher education programs and were offered in Alexander, Ashe, Buncombe, Burke, Caldwell, Catawba, Cleveland, Forsyth, Gaston, McDowell, Rutherford, Surry, Wilkes, and Yadkin Counties or on-line. Programs offered included: Educational Media Instructional Technology Specialist/Computers; Educational Administration; Educational Leadership; Elementary Education; History, Secondary Education; Middle Grades Education; Reading Education; Special Education; Curriculum Specialist; MLS School Libraries; Master of School Administration; Child Development: B-K; History, Secondary Education; and Mathematics Education. Several of these programs are housed on community college campuses that are a part of the Appalachian Learning Alliance. The RCOE and graduate programs have established learning partnerships with schools and universities in Bolivia, Costa Rica, & Mexico
