Catawba College

2011 - 2012

## Overview of Master's Program

Catawba College offers the Masters of Education in Elementary Education (M.Ed.). The graduate program at Catawba College is built upon the strengths of the undergraduate program and is designed to provide the practicing licensed classroom teachers with advanced work in content along with a further development of professional knowledge and dispositions. All of the graduate students enroll as part-time students and take classes during late afternoon or evening hours (fall and spring semesters) and summer sessions.

## Special Features of Master's Program

Catawba College offers a Master of Education in Elementary Education (M.Ed.). The program provides a continuum of professional growth as it prepares practicing teachers as reflective practitioners. In 2009-2010, plans were developed for restructuring the graduate program in alignment with a new set of North Carolina Professional Teaching Standards and the North Carolina Standards for Graduate Teacher Candidates while continuing to address the five propositions of the National Board for Professional Teaching Standards (NBPTS). In 2010-2011 candidates entered the restructured program. The program continues to provide field and clinical experiences and requires action-research in which teachers examine positive impact on student learning. The M.Ed. program strives to help experienced teachers 1) examine their own practices, 2) systematically raise and pursue questions, and 3) collaborate with others beyond their own classrooms.
