

IHE Master's Performance Report

Greensboro College

2014 - 2015

Overview of Master's Program

Greensboro College offers three, thirty semester hour, Master of Education degrees: Birth through Kindergarten Education, Elementary Education and Special Education. Within the Master of Education in Special Education degree program, concentrations in General Curriculum and Adapted Curriculum are available. Successful completion of the Master of Education degree qualifies the individual for the master's license in the state of North Carolina. The College also offers "Licensure Plus" M.Ed. Programs. "Licensure Plus" is a two-step program. The first step of the Licensure Plus M.Ed. Program leads to the Standard Professional 1 (SP1) license. The second step of the Licensure Plus M.Ed. Program leads to the M.Ed. and master's licensure. Candidates may pursue Step One in Elementary Education or Special Education by completing coursework at both the undergraduate and graduate levels. Upon completion of Step One coursework and the attainment of the SP1 license, candidates may apply to the second step, or the "Plus" portion, of the program. Step Two consists of an additional 18 hours of graduate level coursework, which allows candidates to complete the M.Ed. in Elementary Education or Special Education.

Special Features of Master's Program

Greensboro College offers master's degree seeking candidates a variety of learning experiences. Candidates take face-to-face courses in small, nurturing classes with opportunities to engage in critical discussion and demonstration teaching. Candidates also take a variety of on-line and hybrid courses fostering problem-solving, digital instruction and independence. All candidates complete a capstone action research project based upon authentic questions and classroom application. Coursework is linked to the National Board Certification competencies. The knowledge, skills and dispositions gained, through the graduate course work, provides candidates with the structure needed to successfully initiate the National Board process. The Licensure Plus M.Ed. program provides adults, who are interested in obtaining Elementary or Special Education licensure, with a pathway for completing initial licensure and a master's degree.
