

IHE Master's Performance Report

UNC-Pembroke

2014 - 2015

Overview of Master's Program

The goal of graduate education programs at the University of North Carolina at Pembroke (UNCP) is to provide quality master's level degree programs, opportunities for advanced study, and continuing professional and career development for students. All graduate programs emphasize depth of study, academic rigor, and reflection. UNCP graduate programs seek to foster a desire for excellence, a sustained commitment to learning, openness to change, a social consciousness, and a respect for human diversity. The programs also seek to promote the development of leaders in the various fields of study. Each graduate program is firmly grounded in theoretical and empirical bodies of knowledge. Students are challenged to think critically and creatively, and to apply theory to practice in an atmosphere of inquiry and dynamic exchange with faculty and each other. A cohort model is being used in some off-campus locations to retain students and provide a more cohesive, effective model of learning. Graduate education faculty share the University's commitment to academic excellence in a balanced program of teaching, research, and service. In addition to campus-based courses, during 2014-2015, graduate courses were delivered at the following off-campus sites: Sandhills Community College and the Sandhills Community College Hoke County site. The M.A. Ed. in Elementary Education is offered entirely online, including an opportunity for online orientation, advising, midpoint evaluations, and final capstone presentations. The following graduate licensure programs are available for experienced teachers: Art Education, English Education, Elementary Education, Mathematics Education, Middle Grades Education, Music Education, Physical Education, Reading Education, Science Education, and Social Studies Education. Graduate programs in Professional School Counseling and School Administration also are available, as well as a School Administration Add-on Licensure Program. UNC Pembroke offers a Master of Arts in Teaching (M.A.T) degree program with licensure concentrations in Art, English, Mathematics, Middle Grades, Music, Health & Physical Education, Science, and Social Studies.

Special Features of Master's Program

Graduate programs in education at UNCP offer challenging courses and rich experiences to individuals who seek to continue their professional growth. The majority of graduate students are part-time, taking one or two courses each semester and/or during summer sessions. Enrollment varies from program to program. Flexible course schedules and course formats are designed to accommodate the needs of working adults. During the summer, multiple schedule options are available to make courses readily accessible to students. Throughout the year, courses are offered in varied formats, including face-to-face, online, and hybrid. All of the programs are keyed to authentic assessment,

culminating in various products of learning that provide evidence that candidates meet state and national standards and are well prepared to assume leadership roles in schools.
