Annual Report on School Violence: 2002-2003

Introduction

In 1993, the General Assembly passed the Safe Schools Act requiring Local Education Agencies (LEAs) to report acts of crime and violence specified by the General Assembly to the State Board of Education. G.S. 115C-288 (g) requires schools " To report Certain Acts to Law Enforcement...." In 1995, the State Board of Education required individual school principals to immediately report acts of crime and violence to law enforcement and to the school system's central office. Thus, the State Board charged the Department of Public Instruction (NCDPI) with the responsibility of developing a process for collecting, analyzing and reporting crime and violence data on an annual basis.

In year 2000, the Annual Report on School Crime and Violence (ARSV) and the Suspension and Expulsion Reports were combined, thereby reducing dual reporting of information. The Suspension and Expulsion Report and the Annual Report on School Crime and Violence data are collected under the name of the Disciplinary Data Collection (DDC). The format for collecting data is complex and thus is a continuously evolving process. During the year, several quality control steps were included to enhance the accuracy and efficiency of this report. The following were added to the 2002-2003 reporting process:

- An Annual Report on School Crime and Violence contact person was identified in each LEA and assigned the responsibility of working directly with NCDPI on completing the ARSV and the Suspension and Expulsion Reports.
- Safe and Drug Free Schools Coordinators, ARSV Steering Committee, ARSV-LEA contacts, Safe Schools Advisory Committee, Charter Schools, Instructional Support Directors and others were convened to discuss the expectations and to solicit feedback.
- Subsequent meetings were held in February 2003 and June 2003. In addition to procedural expectations being reviewed, two quality control forms were introduced into the process and were designed to allow the schools and LEAs to report incidents occurring during the year.
- The two training sessions were held in Raleigh prior to the submission of the 2002-2003 data. The agenda for the meetings included: Legal Issues Associated with Reporting; Reporting and Coding Expectations, Understanding and Interpreting the Definitions; and How to Record the Data on a Disk.
- LEAs were informed of the procedures necessary to report and submit data to the Department of Public Instruction via a letter (see appendix). DDC forms were placed on the Safe Schools and Accountability Section's web pages.
- The importance of the June 30th data deadline and the emphasis on the superintendent verification form requirement were reviewed. The purpose of the June 30th verification form is to certify that the LEA contact person and/or superintendent had reviewed the data and acknowledged the quality of its content.
- In September 2003, Table 6A of the ARSV was sent to each superintendent and charter school to verify the accuracy of the downloaded data. A second verification form was attached for the superintendent to sign.
- LEA and School Quality Control Forms were added for the purpose of reporting the number of incidents and acts that occurred during the year. Each LEA and school were required to submit a verification form with their data (see appendix).
- LEAs were encouraged to record all acts of crime and violence, as well as the number of acts resulting in suspension and expulsions, on the Discipline Data Collection disk on a daily basis. The ARSV contacts were asked to frequently monitor the discipline data in order to assist with the responding of administrative questions to coding errors.

- This year, as opposed to last year, the DDC disks for each school and LEA were sent directly to DPI/Alternative and Safe Schools/Instructional Support Section in order to determine that there was a school disk for each school.
- An in-house check sheet was developed and completed for each school/charter and LEA.
- Telephone calls were made to all LEAs/schools with missing information. All issues related to the data were resolved prior to the LEA/school disk being opened or processed.

This document reflects the reporting of all seventeen reportable offenses and are coded one through seventeen (1-17) on the data collection sheets. All other suspensions not meeting the crime and violence definition are excluded from this report but are captured in the Suspension and Expulsion Report. Those acts were coded as an eighteen (18) and are not necessarily required to be reported to law enforcement. (See appendix). It is important to note that the term offense and act are often used interchangeably.

This is the second year requiring that schools/LEAs report seventeen offenses. In 2002, the State Board of Education added three new acts of crime and violence that principals were to report to law enforcement: bomb threats, possession of alcoholic beverages, and burning of school buildings. Year 2002-03 served as baseline data for each of the aforementioned acts.

As we received input during the various focus sessions, it became apparent that there was a desire to report the acts of crime and violence based on incidents. Therefore, for the first time, schools and LEAs were provided with a new Quality Control Form, which allowed the summary reporting of acts and incidents. Information captured on these forms is located in the appendix.

Superintendents, school and central office personnel are to be commended for their collaboration and willingness to implement increased monitoring strategies that resulted in continuous support for the enhancements used in producing this report.

2002-2003 Annual Report on School Crime and Violence

Executive Summary

The statistical findings in this year's Annual Report on School Crime and Violence Report (ARSV) were submitted, on disk, by individual schools to the central office and verified by the superintendent in June and again in September of 2003 before being sent to the Department of Public Instruction for inclusion into this report. The acts included in this document represent only the seventeen reportable offenses that schools and LEAs are required to report to law enforcement, as outlined in G.S. 115C-288. According to Public School Law, all reports are due to the State Board of Education by June 30th of each year (refer to the appendix).

Background Information

The 1997-98 school year was the beginning of a three-year stabilization trend in the overall incidence of crime and violence required to be reported to the General Assembly and State Board of Education. The data gathered supported the downward trend and is reflected on the trend data chart below.

Year 2000-2001 represented an increase over the past three years. A total of 2,210 schools submitted data on the fourteen reportable offenses, totaling 7,563 reports of acts. There were one or more acts reported by 1,347 schools. In year 2001-2002, there were 1,871 schools reporting acts of crime and violence. This was the initial year for collecting data on the newly approved acts, which included bomb threats, possession of alcoholic beverages and burning of school buildings. Thus, an increase in the total number of occurrences from 8,728 for the fourteen reportable offenses/acts to 9,921 for the seventeen was noted.

The three highest acts of crime and violence from 1997 until 2001, based on the fourteen reportable acts, were the following:

- Possession of controlled substance in violation of law
- Assault on school personnel
- Possession of a weapon

The following chart reflects trend data for the total number of acts reported per 1000 students.*

Annual Reporting Year	Total Acts	Acts Per 1000 Students
1997-98	7,543	6.343
1998-99	7,539	6.237
1999-00	7,229	5.980
2000-01	7,563	6.083
2001-02	9,921	7.709
2002-03	8,548	6.581

***The 1997-2001 data represent fourteen reportable offenses/acts. Year 2001-02 includes baseline data for the three new offenses, totaling seventeen.**

2002-2003 Major Findings of Reporting Data

The 2002-2003 School Crime and Violence data are based on 100% of the LEAs reporting. Two verification forms were added to the reporting process. The first required acknowledgement that the data had been reviewed for accuracy and content: the second form was added after table 6A was mailed to superintendents for review. Thus, this year's data reflect a continued effort to improve the quality and efficiency of this report. The increased level of collaboration with the LEAs/schools and the Department of Public Instruction was apparent when reviewing the data and was reflected in the improved quality of the way the discipline data were submitted.

It is important to note that North Carolina State Law, G.S.115C-288 (g) requires schools to report certain acts of crime and violence to law enforcement. G.S. 115C-12 (21) states that the State Board of Education has the duty to monitor acts of crime and violence and to compile an annual report on the acts of violence in the public schools. G.S.115C-47 (36) charges the Local Board of Education to report all acts of school violence to the State Board of Education in accordance with G.S. 115C-12(21) (see appendix). An act represents the actual number of offenses occurring on a school property or under school supervision. In order to understand the numbers being presented in this report, it is critical to keep in mind that one incident of crime and violence may yield numerous acts. Thus the number of acts reported may be greater than the number of incidents occurring at a particular school. It is also important to note that the word "acts", "occurrences", and "offenses" are often used interchangeably. The variety reflects the varying terms used by schools systems; however, each word has the same meaning.

In the traditional grade spans PK-5 there were 1,148 acts reported during 2002-2003, in grades 6-8 there were 2,214 acts, and in grades 9-12 there were 4,253 acts reported. In the non-traditional combination elementary/middle grades there were 459, and in middle/high there were 332, and for all other combination grades reporting, there were182 acts. Thus, totaling 8,608 reports of acts that were submitted by all combinations of schools.

There were 904 schools reporting zero (0) acts of crime and violence, 846 schools reporting one to five acts (1-5), 238 schools with six to ten (6-10), 108 with eleven to fifteen (11-15), 71 schools with sixteen to twenty (16-20), 36 schools with twenty-one to twenty-five (21-25) and thirty-nine schools with twenty-six or more (26-30+) acts reported. Thus, there were 2,203 schools reporting twenty-five or less acts of reportable crime and violence infractions during the entire school year. Nineteen schools reported twenty-six to thirty acts (26-30) and twenty schools reported more than thirty (30+) offenses/acts (refer to Figure 1A).

Of the seventeen reportable offenses, the following showed a decrease in the total number of occurrences:

- Possession of a controlled substance in violation of the law
- Possession of a weapon excluding firearms and powerful explosives
- Assault on school personnel not resulting in serious injury
- Possession of an alcoholic beverage
- Assault resulting in serious injury
- Bomb threat
- Sexual assault not involving rape or sexual offense
- Possession of a firearm or a powerful explosive
- Assault involving a weapon
- Sexual offense
- Robbery without a dangerous weapon
- Burning of a school building
- Taking indecent liberties with a minor
- Robbery with a dangerous weapon
- Death by other than natural causes

The number of kidnapping cases remained the same in 2002-2003 as in year 2001-2002. Rape was the only act of crime and violence showing an increase over the prior year with 3 cases being reported in year 2002-2003. Rape is a major crime that needs to be addressed in all Safe Schools Plans.

Of the total 8,548 occurrences/acts reported, the following five were the highest reported during the year (refer to Table 1):

- Possession of controlled substance in violation of law received the highest total number of occurrences of the reportable offenses, with 3,285 being reported.
- Possession of a weapon excluding firearms and powerful explosives ranked second with 2,748 occurrences.
- Assault on school personnel not resulting in serious injury received the third largest of occurrences, with 891 being reported.
- Possession of alcoholic beverage was reported at having 654 acts, resulting in the fourth highest occurrence.
- Assault resulting in serious injury, with 211 occurrences, is the fifth highest reported offense.

Based on a comparison of the average number of offenses per school level reported in 2001-2002, this section will provide a sample of acts with the highest increases and largest decreases for each traditional grade span (refer to Table 7A) for this year:

- Of the 1,163 traditional elementary schools reporting for K-5, they reported zero occurrences for seven of the acts (death by other than natural causes, kidnapping, robbery with a dangerous weapon, rape, taking indecent liberties with a minor, burning of a school building, robbery without a dangerous weapon); four of those showed a 100% decrease. Of the reportable offenses, possession of an alcoholic beverage showed the only increase with a difference of 220.00% over the previous year, with 0.01 being reported. Sexual assault not involving rape or sexual offense saw a substantial decrease with 72.22%.
- Of the 395 traditional middle schools 6-8, zero occurrences were reported for five acts (death by other than natural causes, kidnapping, robbery with a dangerous weapon, rape, and taking indecent liberties with a minor); two acts showed a 100% decrease. The act showing the greatest increase was possession of a firearm or powerful explosives with 73.08 % difference over the previous year and a 0.09 average per school level. Assault resulting in serious injury reported the significant decrease of 52.53 % and an average number of offenses of 0.15.
- Of the 349 traditional high schools (9-12), two acts were reported with zero (death by other than natural causes and kidnapping), one showed a 100% decrease. The highest average number of occurrences per school was seen in robbery with a weapon, receiving a 233.33 % difference over the previous year, resulting in an average of 0.01 acts per school. Taking indecent liberties with a minor received a decrease of 73.68%, which is an average of 0.01 numbers of offenses per high school level.

Conclusion

Based on the findings for year 2002-2003, it is obvious that the schools of North Carolina are continuing to establish safe, orderly and caring learning environments for the students and staffs. The decreases in all areas reflect an emphasis, on the part of school personnel and communities, to develop and maintain safety techniques and strategies that demonstrate positive progress. We commend the schools for implementing strong Safe Schools Plans, Crisis Plans, School Improvement Plans and the Crisis Incident Kits. These techniques are beginning to show evidence of notable decreases in the rate of major acts of crime and violence. However, although we acknowledge the decreases for this year, we sincerely believe that North Carolina's schools cannot rest until all students are provided an opportunity to learn in an environment free of crime and violence and fear. Therefore, we support the following practices:

- School personnel will continue to evaluate School Safety Plans, School Improvement Plans and Crisis Plans based on the needs identified in the a Need Assessment.
- Administrators will continue to enhance the efforts of the school at informing the staff and communities of the definitions associated with the seventeen reportable offenses.
- Schools will continue to maintain safe, orderly and caring learning environments.
- Schools will continue to implement policies that ensure the welfare of all students and staff and will adhere to the "Unsafe School Policy" required by No Child Left Behind and local policy.
- Schools will accurately and promptly report all acts of crime and violence to law enforcement and will document such acts on the discipline data collection form.
- School and central office staffs will submit discipline data to NCDPI by June 30th of each year and will pay particular attention to the expectation that all data are monitored and verified for accuracy by the superintendent prior to submission on the 30th of June.

2002-2003 Results and Trends

Elementary School

Elementary (PK-5) The following number of occurrences were reportable:

- Of the total number of occurrences, possession of a weapon excluding firearms and powerful explosives received the highest number of 692 for the second year (2001-2002, 2002-2003)
- Assault on school personnel not resulting in serious injury received the second highest number of reports with 325 for the second year
- Possession of controlled substance in violation of the law received 39 total number of occurrences once again this year

Although, the three highest total occurrences for year 2002-2003 were the same acts as the previous year, it should be noted that **all** of the three categories reflect a decrease.

	2001-2002	2002-2003	% of Differences
Possession of a Weapon	868	692	-20.74
Assault on School Personnel	457	325	-29.82
Possession of Controlled Substance in Violation of Law	51	39	-24.44

A minus (-) denotes a decrease over the previous year.
*Based on the traditional grouping grade level.

Middle School

Middle (6-8) Of the total 2,214 total occurrences, the following reports were submitted:

- Possession of controlled substance in violation of law received the second highest total number of occurrences with 709
- Assault on school personnel not resulting in serious injury received 202 total occurrences

In the year 2002-2003 Possession of weapon ranked first in total occurrences being reported. The other categories reflect a decrease over year 2001-2002.

	2001-2002	2002-2003	% of Differences
Possession of Controlled Substance in Violation of Law	819	709	-16.28
Possession of a Weapon	749	838	+8.38
Assault on School Personnel	319	202	-38.78

A minus (-) denotes a decrease over the previous year.
A (+) denotes a increase over the year.

High School

High School (9-12) Of the 4,273 total high school occurrences the following were reported:

- Possession of controlled substance in violation of law ranked the highest with 2,224 total occurrences reported
- Possession of a weapon excluding firearms and powerful explosives received 903 reports
- Possession of alcoholic beverages received 453 total occurrences reported

At the high school level, the offenses receiving the highest number of occurrences remained the same as in 2001-2002. However, the acts increased in one category and decreased in two.

Definitions of Offenses Required to be Reported for the 2002-03 Disciplinary Data Collection

1. **Assault Resulting in Serious Injury**. An intentional physical attack causing the victim obvious severe or aggravated bodily injury involving (a) broken bones, loss of teeth, possible internal injuries; severe lacerations and bleeding; or loss of consciousness; and/or (b) requiring emergency medical services by trained school personnel or other health professionals (e.g. EMS) and/or hospitalization. If the offender used a weapon in an assault resulting in serious injury, report both Assault Resulting in Serious Injury and Assault Involving Use of a Weapon. Fights or affrays, where no weapon was used, resulting in no apparent or serious injuries are not required by state law to be reported, even if the incident resulted in suspensions or expulsion for the student. Local School Board policy may require reporting of fights or affrays to law enforcement. (State law G.S. 115C-391 requires that local boards of education remove to an alternative educational setting any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel. If no appropriate alternative education setting is available, then the board shall suspend for no less than 300 days but no more than 365 days any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel.)

2. **Assault Involving Use of a Weapon.** An assault by one person against another where the attacker either uses a weapon or displays a weapon in a threatening manner. Weapon is defined as: Any firearm or explosive device; force-impacting device; knife or sharp-edged or sharp-pointed utensil, device or tool; or any article, instrument or substance which can or is likely to produce death or great bodily harm. If a firearm or other weapon is used in the commission of any offense, the type of weapon must be identified in the WEAPON USED/POSSESSED column of the Data Collection Form.

3. **Assault on School Personnel.** An assault is an intentional physical attack by one person on another. An assault is either the actual intentional striking of another person, or an attempt to physically strike another by an intentional show of force or menace of violence sufficient to put a reasonable person in fear of immediate physical injury. This offense includes assaults on school personnel that do not involve use of a weapon and do not result in apparent serious injury. If apparent serious injury to school personnel results from the assault, report as Assault Resulting in Serious Injury. If the assault involves use of a weapon report as Assault Involving Use of a Weapon. Victims included in this category are school administrators, education professionals (e.g. teachers), classified staff members (e.g. custodial, clerical), and adult volunteers. Acts which would not be reported are things such as unintentional pushing and jostling, as in a crowd; a school staff member who is accidentally struck while attempting to break up a fight or affray; or a volunteer who is knocked down by a student carelessly rushing through a door. Verbal threats to physically attack are not included unless they are accompanied by an act that is an intentional show of force or menace of violence sufficient to put a reasonable person in fear of immediate physical injury.

4. **Bomb Threat**[3] (See G.S. 14-69.1 and 14-69.2). Making or communicating a false bomb threat in any form, including a computer message; or perpetrating a bomb threat hoax by bringing a fake explosive device, whether openly or concealed, onto school property or to school-sponsored events (both are considered Class H felonies by G.S. 14-69.1 and G.S. 14-69.2).

5. **Burning of a School Building** (See G.S. 14-60). Any person who maliciously and willfully sets fire to, burns or causes to be burned (i.e. aids, directs or procures the burning of) any school building owned, leased or used by the public schools (considered a Class F felony by G.S. 14-60).

6. **Death By Other Than Natural Causes.** The killing of a living person, done either by another or by suicide. Acts to be reported under this category include murder, manslaughter, death by vehicle, killing in self-defense, killing done by an insane person, accidental killing and suicide. Killing is to be reported if either the death or the act causing it occurred on school property, and regardless of whether the victim is associated with the school. Examples of incidents to be reported are the accidental death of a child in a school bus accident, or a victim on school property shot by someone located on or off school property.

7. **Kidnapping.** Confining, restraining or removing from one place to another a person, without his/her or the victim's or a minor victim's parents' consent, for the purpose of committing a felony; or holding a victim as hostage or for ransom, or for use as a shield. A parent taking a child in violation of a court order, although it may be a crime, is not kidnapping for this purpose.

---

[3] Because this definition is a summary of lengthy and detailed legislation, users of the definition should consult their school board attorney or the http://www.ncga.state.nc.us/statutes/toc-1.html website for further details or clarifications regarding its use.

8. **Possession of Alcoholic Beverage**[4] (See G.S. 18B-300 to 302). Any underage person who purchases, provides or sells to another, possesses or has in his/her immediate custody or control, or consumes malt beverages, fortified or unfortified wine, or spirituous liquor, in any amount or form, on school property owned or leased by the local board of education, or at school-sponsored events (comparable to a misdemeanor violation by G.S. 18B-102 and G.S. 18B-300, 301 and 302).

9. **Possession of Controlled Substance in Violation of Law**. Possession of narcotic drugs on or in the immediate control of the person. Narcotic drugs include any form of cocaine, marijuana, heroin, LSD, methamphetamine, and all drugs listed in the North Carolina Controlled Substances Act. Possession of any amount in any form must be reported. Unauthorized possession of a prescription drug (e.g., Ritalin) is included in this category. The principal should confer with law enforcement personnel when in doubt as to whether a drug is a controlled substance. Alcohol possession should be reported as Possession of Alcoholic Beverage.

10. **Possession of a Firearm or Powerful Explosive.**[5] Any unauthorized person possessing on their person or within their custody or control, or storing, or carrying, whether openly or concealed, locked or unlocked, any firearm or powerful explosive, whether operable or inoperable, on school property; or bringing such a device onto school property. Persons authorized to carry weapons on school property are law enforcement officers, firefighters, and emergency service personnel *when discharging their official duties* (State law G.S. 115C-391 requires that local boards of education suspend for 365 days any student who brings a "weapon" onto school property. Weapons are defined as any gun, rifle, pistol, or other firearm of any kind, or any dynamite cartridge, bomb, grenade, mine or other powerful explosive, as defined in G.S. 14-284.1; and this does not apply to fireworks. Superintendents may modify the suspension on a case-by-case basis, but a written explanation for the decision must be included with the school's Annual Report on School Crime and Violence). The type of any firearm(s) that is/are involved must be identified in the WEAPON USED/POSSESSED column of the Data Collection Form.

11. **Possession of a Weapon**. Possessing on their person or within their custody or control, storing, or carrying, by any unauthorized person, whether openly or concealed, a weapon, excluding firearms and powerful explosives, defined as follows: Any BB gun, stun gun, air rifle, air pistol, bowie knife, dirk, dagger, slungshot, leaded cane, switchblade knife, blackjack, metallic knuckles, razors and razor blades, any sharp pointed or edged instrument except instructional supplies, unaltered nail files and clips and tools used solely for preparation of food, instruction and maintenance. This category covers possession of all weapons, other than firearms and powerful explosives, which the law prohibits on educational property (N.C.G.S. § 14-269.2). Persons authorized to possess such weapons are law enforcement officers, firefighters and emergency service personnel when discharging their official duties. Report type of weapon unlawfully possessed in the WEAPON USED/POSSESSED column of the Data Collection Form.[1]

12. **Rape.** Rape may be statutory or forcible. Forcible Rape is vaginal intercourse committed by force and without the consent of the victim, regardless of age. Statutory Rape is vaginal intercourse committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented. Consensual vaginal intercourse between a 13, 14 or 15 year old girl or boy and a 16 year old girl or boy is not a crime; statutory rape requires at least four years between birthdays of the victim and perpetrator. Some examples of incidents which must be reported under this category are consensual intercourse between a 19-year old and a 15-year old; consensual intercourse with a person who is mentally handicapped or incapacitated, or physically helpless, regardless of whether the victim consented; or intercourse with an intoxicated or drugged victim who is too incapacitated to give consent.

13. **Robbery With a Dangerous Weapon (Armed Robbery).** Theft or attempted theft of anything of value from the person of another, or from the area under the immediate bodily control of the other, by using a dangerous weapon or by an act threatening use of a dangerous weapon. A dangerous weapon is any article, instrument or substance that is likely to produce death or great bodily harm. Forcible theft or attempted theft from a person without the use of a dangerous weapon should be reported under Robbery Without a Dangerous Weapon. Report type of weapon used in the WEAPON USED/POSSESSED column of the Data Collection Form.

14. **Robbery Without a Dangerous Weapon.** The taking or attempting to take anything of value from another's person, by force, or by an act threatening force or violence, which puts a victim in fear, without the use of a weapon. The stealing of someone's property without the use of force or from a source other than the victim's person is not

[4] Because this definition is a summary of lengthy and detailed legislation, users of the definition should consult their school board attorney or the http://www.ncga.state.nc.us/statutes/toc-1.html website for further details or clarifications regarding its use.

[5] Because "Bomb Possession" involves the G.S. 14-269.2 definition of a bomb or "powerful explosive" as a **felony-level weapon** (G.S. 14-269.2 (**b1**)), as differentiated from a felony "firearm" weapon (G.S. 14-269.2 (**b**)), former definitions of "possession of a firearm" and "possession of a (misdemeanor) weapon" have been revised.

included in this offense. If the taking from the person involves use of a dangerous weapon the incident is reported under Robbery With a Dangerous Weapon.

15. **Sexual Assault (Not Involving Rape or Sexual Offense)**. An assault of a sexual nature. An unauthorized and unwanted, intentional, or forcible touching of a sex organ of a person of the opposite sex. Sex organs are the breasts of females and genital areas of males and females. This category includes forcibly and intentionally grabbing the clothed or unclothed breast or genitals of a person of the opposite sex, without the consent of the victim. Report attempted rape and attempted sexual offense under this category. The difference between Sexual Assault and Sexual Offense is that Sexual Assault involves forcible and intentional touching without penetration of a sex organ, and Sexual Offense involves penetration of a sex organ or anus by any object, or touching another's mouth or anus by the male sex organ.

16. **Sexual Offense**. Sexual Offense may be forcible or statutory. Forcible Sexual Offense is actual oral-genital contact, or penile-anal penetration, or insertion of any object, including a finger, into the genital or anal opening of another person's body, committed by force and without the consent of the victim. Statutory Sexual Offense is any of the above acts committed on a child under the age of 16 by a person who is at least 12 years old and at least 4 years older than the victim, regardless of whether the victim consented. Statutory Sexual Offense is also any of the above acts committed on a person who is mentally handicapped or incapacitated or physically helpless, regardless of whether the victim consented. The difference between Rape and Sexual Offense is that Rape involves vaginal intercourse only, and Sexual Offense involves oral-genital contact, penile-anal penetration, or genital or anal penetration by any object.

17. **Taking Indecent Liberties With A Minor**. Committing a sexual act with or in the presence of a child under the age of 16 years, by a person at least age 16 and at least five years older than the child, for sexual gratification, regardless of whether force was used, or whether the victim consented. Examples of acts to be reported under this category are intentional exposure of genitals in front of a child; showing a child pornography, secretly or in the child's presence; or photographing girls changing clothes or using toilets, if these acts are done for sexual gratification.

In 2001, Gov. Mike Easley and the General Assembly asked the state to issue report cards for every school to inform parents and the public about school performance, teacher qualifications, school safety, and school resources. Report cards based on data from the 2002-03 school year will be released on December 5, 2003.

School Safety information first appeared on the 2001-02 Report Cards. The original requirements called for the Report Cards to report the number of acts of crime or violence per 1,000 students at the school, district and state levels. However, after the data were loaded into the Report Cards, questions were raised about the school-level numbers. Because many schools have less than 1,000 students, individual school safety rates appeared higher than their actual number of acts. This presented a skewed view of the data that was subject to misinterpretation. The decision was made to change the requirements for the Report Card to report the number of acts of crime or violence per 100 students – rather than 1,000 – at the school, district and state levels. Ultimately, the publishing of school-level data was postponed, and the Report Cards were released with district and state level data only for school safety.

The Report Card requirements, as set by the Governor's Office, the NC Education Research Council and NCDPI, also calls for whole numbers to be displayed. The mathematical standard of rounding is to be used.

The 2002-03 Report Cards will report the number of acts of crime or violence per 100 students at the school, district and state levels. Rates will be derived by dividing each school's total number of reported acts by seventh month membership for the 2002-03 school year, then multiplying by 100.

Additionally, the 2002-03 Report Cards will include those schools that have received the Super Safe Schools (Triple "S") Recognition and those schools designated as persistently dangerous.

SENTATE BILL 27

SAFE SCHOOLS

Sec. 139. (a) Of the funds appropriated to Aid to Local School Administrative Units, the sum of two million five hundred thousand dollars ($2,500,000) for the 1993-94 fiscal year and the sum of two million five hundred thousand dollars ($2,500,000) for the 1994-95 fiscal year shall be used to provide grants for local school administrative units for locally designed innovative local programs to make schools safe for students and school employees. These funds shall be used for grants of from fifty thousand dollars ($50,000) to one hundred thousand dollars ($100,000) per year to local school administrative units. These funds may be used for continuing or noncontinuing expenses.

A local school administrative unit may apply for a grant, or two or three adjacent local school administrative units may apply jointly for a grant. Applicants for grants shall submit to the State Board of Education an application that includes the following information:

(1) An assessment of local problems with regard to violence and harassment, including sexual and other forms of harassment, in the schools prepared by a local task force of educators, parents, students, community leaders, and representatives of social services and law enforcement, appointed by the local board of education.
(2) A detailed plan for addressing these local problems, including proposed goals and anticipated outcomes, prepared after consultation with the task force.
(3) A statement of how the grant funds would be used to address these local problems and what other resources would be used to address the problems.
(4) A process for assessing on an annual basis the success of the local plan for addressing problems with regard to violence and harassment in the schools.

The Superintendent of Public Instruction shall appoint a State task force to assist the Superintendent in reviewing grant applications. The State task force shall include representatives of the Department of Public Instruction, local school administrative units, educators, parents, the juvenile justice system, social services, and nongovernmental agencies providing services to children, and other members the Superintendent deems appropriate. In reviewing grant applications, the Superintendent and the State task force shall consider the severity of the local problems with regard to violence in the schools and the likelihood that the locally designed plan will deal with the problems successfully.

The State Board of Education shall consider the recommendations of the Superintendent in selecting grant recipients. The State Board shall also attempt to give grants to local school administrative units that are located geographically throughout the State, that have different demographic profiles, and that propose different approaches to their problems. The State Board shall select grant recipients prior to January 1, 1994.

The Superintendent of Public Instruction shall administer the grant program and provide technical assistance to grant applicants and recipients.

The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to March 15, 1994, and prior to January 15, 1995, on how the funds are being used.

SAFE SCHOOLS

Section 8.29. (a)

(1) Of the funds appropriated to State Aid to Local School Administrative Units, the State Board of Education may use up to five hundred thousand dollars ($500,000) for the 1997-98 fiscal year and up to five hundred thousand dollars ($500,000) for the 1998-99 fiscal year to provide assistance teams to schools to assist those schools in restoring safety and order.

(2) Effective when this act becomes law, Part 2 of Article 8B of Chapter 115C of the General Statutes is amended by adding the following new section:

"**§ 115C-105.28. Safe and orderly schools.**

A school improvement team or a parent organization at a school may ask the local board of education to provide assistance in promoting or restoring safety and an orderly learning environment at a school. The school improvement team or parent organization shall file a copy of this request with the State Board. If the local board fails to provide adequate assistance to the school, then the school improvement team or parent organization may ask the State Board to provide an assistance team to the school.

The State Board may provide an assistance team, established under G.S. 115C-105.38, to a school in order to promote or restore safety and an orderly learning environment at that school if one of the following applies:

(1) The local board of education or superintendent requests that the State Board provide an assistance team to a school and the State Board determines that the school needs assistance.

(2) The State Board determines within 10 days after its receipt of the request for assistance from a school improvement team or parent organization of a school that the school needs assistance and that the local board has failed to provide adequate assistance to that school.

If an assistance team is assigned to a school under this section, the team shall spend a sufficient amount of time at the school to assess the problems at the school, assist school personnel with resolving those problems, and work with school personnel and others to develop a long-term plan for restoring and maintaining safety and an orderly learning environment at the school. The assistance team also shall make recommendations to the local board of education and the superintendent on actions the board and the superintendent should consider taking to resolve problems at the school. These recommendations shall be in writing and are public records. If an assistance team is assigned to a school under this section, the powers given to the State Board and the assistance team under G.S. 115C-105.38 and G.S. 115C-105.39 shall apply as if the school had been identified as low-performing under this Article."

(b) Effective when this act becomes law, Chapter 115C of the General Statutes is amended by adding a new Article to read:

"ARTICLE 27A.

"Management and Placement of Disruptive Students.

"**§ 115C-397.1. Management and placement of disruptive students.**

If, after a teacher has requested assistance from the principal two or more times due to a student's disruptive behavior, the teacher finds that the student's disruptive behavior continues to interfere with the academic achievement of that student or other students in the class, then the teacher may refer the matter to a school-based committee. The teacher may request that additional classroom teachers participate in the committee's proceedings. For the purposes of this section, the committee shall notify the student's parent, guardian, or legal custodian and shall

encourage that person's participation in the proceedings of the committee concerning the student. A student is not required to be screened, evaluated, or identified as a child with special needs under this section. The committee shall review the matter and shall take one or more of the following actions: (i) advise the teacher on managing the student's behavior more effectively, (ii) recommend to the principal the transfer of the student to another class within the school, (iii) recommend to the principal a multidisciplinary diagnosis and evaluation of the student, (iv) recommend to the principal that the student be assigned to an alternative learning program, or (v) recommend to the principal that the student receive any additional services that the school or the school unit has the resources to provide for the student. If the principal does not follow the recommendation of the committee, the principal shall provide a written explanation to the committee, the teacher who referred the matter to the committee, and the superintendent, of any actions taken to resolve the matter and of the reason the principal did not follow the recommendation of the committee.

This section shall be in addition to and supplemental to disciplinary action taken in accordance with any other law. The recommendation of the committee is final and shall not be appealed under G.S. 115C-45(c). Nothing in this section shall authorize a student to refer a disciplinary matter to this committee or to have the matter of the student's behavior referred to this committee before any discipline is imposed on the student."

(c) Of the funds appropriated to State Aid to Local School Administrative Units, the sum of three million two hundred thousand dollars ($3,200,000) for the 1997-98 fiscal year and the sum of three million two hundred thousand dollars ($3,200,000) for the 1998-99 fiscal year shall be used to provide additional teachers for middle school children who are academically below grade level. Middle school children are children in a school that serves grades six, seven, and eight, and no other grades.

(1) The State Board of Education shall allocate these teacher positions to pilot middle schools on the basis of the number of students in grade six who scored at proficiency Level I on the end-of-grade test in mathematics, on the end-of-grade test in reading, or on both, at the end of their last school year. The funds shall be used in schools that have at least 50 such students at a ratio of one teacher to every 50 students. No partial positions shall be allocated.

(2) The purpose of these funds is to improve the academic performance and the behavior of these students during the first school year after elementary school by placing them in classes with a low student-to-teacher ratio for either all of their core academic subjects or for the subject or subjects in which they are below grade level. In order to accomplish this purpose, local school administrative units shall use (i) the teachers allocated for these students pursuant to the regular teacher allotment and (ii) the teachers allocated for these students under this section only to improve the academic performance and the behavior of these students. Local boards of education shall adopt rules to ensure that each student for whom funds for additional teacher positions are allocated under this section shall be assigned a teacher who is responsible for monitoring the academic progress of the student.

(3) Of the funds appropriated in this section, the State Board of Education may use up to twenty-five thousand dollars ($25,000) to evaluate the effectiveness of these smaller classes in improving academic performance and discipline in middle schools.

(d) Effective November 1, 1997, G.S. 115C-366 is amended by adding the following new subsections to read:

"(a4) When a student transfers into the public schools of a local school administrative unit, that local board shall require the student's parent, guardian, or custodian to provide a statement made under oath or affirmation before a qualified official indicating whether the student is, at the time, under suspension or expulsion from attendance at a private or public school in this or any other state or has been convicted of a felony in this or any other state. This subsection does not apply to the enrollment of a student who has never been enrolled in or attended a private or public school in this or any other state.

(a5) Notwithstanding any other law, a local board may deny admission to or place reasonable conditions on the admission of a student who has been suspended from a school under G.S. 115C-391 or who has been suspended from a school for conduct that could have led to a suspension from a school within the local school administrative unit where the student is seeking admission until the period of suspension has expired. Also, a local board may deny admission to or place reasonable conditions on the admission of a student who has been expelled from a school under G.S. 115C-391 or who has been expelled from a school for behavior that indicated the student's continued presence in school constituted a clear threat to the safety of other students or employees or who has been convicted of a felony in this or any other state. If the local board denies admission to a student who has been expelled or convicted of a felony, the student may request the local board to reconsider that decision in accordance with G.S. 115C-391(d)."

(e) Effective November 1, 1997, Article 54 of Chapter 7A of the General Statutes is amended by adding the following new section to read:

"**§ 7A-675.2. Notification of schools when juveniles are alleged or found to be delinquent.**

(a) Notwithstanding G.S. 7A-675, the juvenile court counselor shall deliver verbal and written notification of the following actions to the principal of the school that the juvenile attends:

(1) A petition is filed under G.S. 7A-560 that alleges delinquency for an offense that would be a felony if committed by an adult;

(2) The judge transfers jurisdiction over a juvenile to superior court under G.S. 7A-608;

(3) The judge dismisses under G.S. 7A-637 the petition that alleges delinquency for an offense that would be a felony if committed by an adult;

(4) The judge issues a dispositional order under Article 52 of Chapter 7A of the General Statutes including, but not limited to, an order of probation that requires school attendance, concerning a juvenile alleged or found delinquent for an offense that would be a felony if committed by an adult; or

(5) The judge modifies or vacates any order or disposition under G.S. 7A-664 concerning a juvenile alleged or found delinquent for an offense that would be a felony if committed by an adult.

Notification of the school principal in person or by telephone shall be made before the beginning of the next school day. Delivery shall be made as soon as practicable but at least within five days of the action. Delivery shall be made in person or by certified mail. Notification that a petition has been filed shall describe the nature of the offense. Notification of a dispositional order, a modified or vacated order, or a transfer to superior court shall describe the judge's action and any applicable disposition requirements. As used in this subsection, the term `offense' shall not include any offense under Chapter 20 of the General Statutes.

(b) If the principal of the school the juvenile attends returns any notification as required by G.S. 115C-404, and if the juvenile court counselor learns that the juvenile is transferring to another school, the juvenile court counselor shall deliver the notification to the principal of the school to which the juvenile is transferring. Delivery shall be made as soon as practicable and shall be made in person or by certified mail.

Immediately upon receipt, the principal shall maintain these documents in a safe, locked record storage that is separate from the student's other school records. The principal shall maintain these documents until the principal receives notification that the judge dismissed the petition under G.S. 7A-637, the judge transferred jurisdiction over the student to superior court under G.S. 7A-608, or the judge granted the student's petition for expunction of the records. At that time, the principal shall shred, burn, or otherwise destroy the documents to protect the confidentiality of this information. In no case shall the principal make a copy of these documents.

(b) Documents received under this section may be used only to protect the safety of or to improve the educational opportunities for the student or others. Upon receipt of each document, the principal shall share the document with those individuals who have (i) direct guidance, teaching, or supervisory responsibility for the student, and (ii) a specific need to know in order to protect the safety of the student or others. Those individuals shall indicate in writing that they have read the document and that they agree to maintain its confidentiality. Failure to maintain the confidentiality of these documents as required by this section is grounds for the dismissal of an employee who is not a career employee and is grounds for dismissal of an employee who is a career employee, in accordance with G.S. 115C-325(e)(1)i.

(c) If the student graduates, withdraws from school, is suspended for the remainder of the school year, is expelled, or transfers to another school, the principal shall return the documents to the juvenile court counselor and, if applicable, shall provide the counselor with the name and address of the school to which the student is transferring."

(g) Effective November 1, 1997, G.S. 15A-505 reads as rewritten:

(o) G.S. 115C-12(24), as amended by Section 15(e) of S.L. 1997-18 and Section 1 of S.L. 1997-239, reads as rewritten:

"(24) Duty to Develop Guidelines for Alternative Learning Programs, Provide Technical Assistance on Implementation of Programs, and Evaluate Programs. -- The State Board of Education shall adopt guidelines for assigning students to alternative learning programs. These guidelines shall include (i) a description of the programs and services that are recommended to be provided in alternative learning programs and (ii) a process for ensuring that an assignment is appropriate for the student and that the student's parents are involved in the decision.

The State Board of Education shall also adopt guidelines to require that local school administrative units shall use (i) the teachers allocated for students assigned to alternative learning programs pursuant to the regular teacher allotment and (ii) the teachers allocated for students assigned to alternative learning programs only to serve the needs of these students.

The State Board of Education shall provide technical support to local school administrative units to assist them in developing and implementing plans for alternative learning programs.

The State Board of Education shall recommend to local boards of education ways to measure the academic achievement of students while they are in the alternative learning programs or in remedial learning programs.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. The State Board of Education shall report annually to the Joint Legislative Education Oversight Committee, beginning in December 1996, on the results of this evaluation."

(p) The State Board of Education and the Secretary of the Department of Human Resources shall appoint an advisory committee to consider the advisability of and to develop a proposal for creating regional residential schools for students with emotional and behavioral problems so severe that the public schools cannot serve them. The advisory committee shall clearly define the population and the age limits of the population for whom such a residential school would be appropriate, estimate the number of students in that population, devise a plan for building and operating such schools, and estimate the costs and benefits of such schools. The advisory committee shall consider whether any existing State facilities would be available and appropriate to house such a school. The State Board of Education shall convene and coordinate the meetings of the advisory committee. The advisory committee shall report the results of its study, including its recommendation on the advisability of creating these schools, to the State Board of Education and the Secretary of the Department of Human Resources prior to January 15, 1998. The State Board of Education shall report the results of the study to the Joint Legislative Education Oversight Committee prior to February 15, 1998.

(1) G.S. 115C-391 reads as rewritten:

"**§ 115C-391. Corporal punishment, suspension, or expulsion of pupils.**

(a) Local boards of education shall adopt policies not inconsistent with the provisions of the Constitutions of the United States and North Carolina, governing the conduct of students and establishing procedures to be followed by school officials in suspending or expelling any student, or in disciplining any student if the offensive behavior could result in suspension, expulsion, or the administration of corporal punishment. The policies that shall be adopted for the administration of corporal punishment shall include at a minimum the following conditions:

(1) Corporal punishment shall not be administered in a classroom with other children present;

(2) The student body shall be informed beforehand what general types of misconduct could result in corporal punishment;

(3) Only a teacher, substitute teacher, principal, or assistant principal may administer corporal punishment and may do so only in the presence of a principal, assistant principal, teacher, substitute teacher, teacher assistant, or student teacher, who shall be informed beforehand and in the student's presence of the reason for the punishment; and

(4) An appropriate school official shall provide the child's parent or guardian with notification that corporal punishment has been administered, and upon request, the official who administered the corporal punishment shall provide the child's parent or guardian a written explanation of the reasons and the name of the second school official who was present.

~~The~~ Each local board shall publish all the policies mandated by this subsection and make them available to each student and his parent or guardian at the beginning of each school year.

Notwithstanding any policy adopted pursuant to this section, school personnel may use reasonable force, including corporal punishment, to control behavior or to remove a person from the scene in those situations when necessary:

(1) To quell a disturbance threatening injury to others;

(2) To obtain possession of weapons or other dangerous objects on the person, or within the control, of a student;

(3) For self-defense; ~~or~~

(4) For the protection of persons or ~~property.~~ property; or

(5) To maintain order on school property, in the classroom, or at a school-related activity on or off school property.

(b) The principal of a school, or his delegate, shall have authority to suspend for a period of 10 days or less any student who willfully violates policies of conduct established by the local board of education: Provided, that a student suspended pursuant to this subsection shall be provided an opportunity to take any quarterly, semester or grading period examinations missed during the suspension period.

(c) The principal of a school, with the prior approval of the superintendent, shall have the authority to suspend for periods of times in excess of 10 school days but not exceeding the time remaining in the school year, any pupil who willfully violates the policies of conduct established by the local board of education. The pupil or his parents may appeal the decision of the principal to the local board of education.

(d) Notwithstanding G.S. 115C-378, a local board of education may, upon recommendation of the principal and superintendent, expel any student 14 years of age or older whose behavior indicates that the student's continued presence in school constitutes a clear threat to the safety of other students or employees. The local board of education's decision to expel a student under this section shall be based on clear and convincing evidence. Prior to ordering the expulsion of a student pursuant to this subsection, the local board of education shall consider whether there is an alternative program offered by the local school administrative unit that may provide education services for the student who is subject to expulsion. At any time after the first July 1 that is at least six months after the board's decision to expel a student under this subsection, a student may request the local board of education to reconsider that decision. If the student demonstrates to the satisfaction of the local board of education that the student's presence in school no longer constitutes a threat to the safety of other students or employees, the board shall readmit the student to a school in that local school administrative unit on a date the board considers appropriate. ~~Notwithstanding the provisions of G.S. 115C-112, a local board of education has no duty to continue to provide a child with special needs, expelled pursuant to this subsection, with any special education or related services during the period of expulsion.~~

(d1) A local board of education shall suspend for 365 days any student who brings a weapon, as defined in G.S. 14-269.2(b) and ~~(g),~~ G.S. 14-269.2(g), onto school property. The local board of education upon recommendation by the superintendent may modify this suspension requirement on a case-by-case basis ~~which~~ that includes, but is not limited to, the procedures ~~set out in G.S. 115C-112~~ established for the discipline of students with disabilities and may also provide, or contract for the provision of, educational services to any student suspended pursuant to this subsection in an alternative school setting or in another setting that provides educational and other services.

(d2) (1) A local board of education shall remove to an alternative educational setting, as provided in subdivision (4) of this subsection, any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel. If no appropriate alternative educational setting is available, then the board shall suspend for no less than 300 days but no more than 365 days any student who is at least 13 and who physically assaults and seriously injures a teacher or other school personnel.

(2) A local board of education may remove to an alternative educational setting any student who is at least 13 and who does one of the following:

a. Physically assaults a teacher or other adult who is not a student.

b. Physically assaults another student if the assault is witnessed by school personnel.

c. Physically assaults and seriously injures another student.

If no appropriate alternative educational setting is available, then the board may suspend this student for up to 365 days.

(3) For purposes of this subsection, the conduct leading to suspension or removal to an alternative educational setting must occur on school property or at a school-sponsored or school-related activity on or off school property. This subsection shall not apply when the student who is subject to suspension or removal was acting in self-defense. If a teacher is assaulted or injured and as a result a student is suspended or removed to an alternative educational setting under this subsection, then the student shall not be returned to that teacher's classroom unless the teacher consents. If a student is suspended under this subsection, the board may assign the student to an alternative educational setting upon the expiration of the period of suspension.

(4) If the local board removes the student to an alternative educational setting, as provided in subdivision (1) of this subsection, and the conduct leading to the removal occurred on or before the ninetieth school day, the board shall remove the student to that setting for the remainder of the current school year and the first 90 school days in the following school year. If the board chooses to remove the student to an alternative educational setting, as provided in subdivision (1) of this subsection, and the conduct leading to the removal occurred after the ninetieth school day, the board shall remove the student to that setting for the remainder of the current school year and for the entire subsequent school year. Notwithstanding these requirements, the local board may authorize a shorter or longer length of time a student must remain in an alternative educational setting if the board finds this would be more appropriate based upon the recommendations of the principals of the alternative school and the school to which the student will return.

(e) A decision of a local board under subsection (c), (d), ~~or (d1)~~ (d1), or (d2) of this section is final and, except as provided in this subsection, is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. A person seeking judicial review shall file a petition in the superior court of the county where the local board made its decision.

(f) Local boards of education ~~shall, no later than December 1, 1993, reevaluate and update their policies related to school safety so they reflect changes authorized by the 1993 General Assembly. In particular, boards~~ shall ensure they have clear policies governing the conduct of ~~students, which~~ students. At a minimum, these policies shall state the consequences of violent or assaultive behavior, possessions of weapons, and criminal acts committed on school property or at school-sponsored functions. The State Board shall develop guidelines to assist local boards in this process.

(g) Notwithstanding the provisions of this section, the policies and procedures for the discipline of students with disabilities shall be consistent with federal laws and regulations.

(h) Notwithstanding any other law, no officer or employee of the State Board of Education or of a local board of education shall be civilly liable for using reasonable force, including corporal punishment, in conformity with State law, State or local rules, or State or local policies regarding the control, discipline, suspension, and expulsion of students. Furthermore, the burden of proof is on the claimant to show that the amount of force used was not reasonable."

(2) This subsection is effective November 1, 1997, and applies to conduct occurring on or after that date.

(r) Effective when this act becomes law:

(1) Chapter 115C of the General Statutes is amended by adding a new Article to read:

"ARTICLE 8C.

"Local Plans for Maintaining Safe and Orderly Schools.

"§ 115C-105.45. Legislative findings.

The General Assembly finds that all schools should be safe, secure, and orderly. If students are to aim for academic excellence, it is imperative that there is a climate of respect in every school and that every school is free of disruption, drugs, violence, and weapons. All schools must have plans, policies, and procedures for dealing with disorderly and disruptive behavior. All schools and school units must have effective measures for assisting students who are at risk of academic failure or of engaging in disruptive and disorderly behavior.

"§ 115C-105.46. State Board of Education responsibilities.

In order to implement this Article, the State Board of Education:

(1) Shall adopt guidelines for developing local plans under G.S. 115C-105.47;

(2) Shall provide, in cooperation with the Board of Governors of The University of North Carolina, ongoing technical assistance to the local school administrative units in the development, implementation, and evaluation of their local plans under G.S. 115C-105.47;

(3) May require a local board of education to withhold the salary of any administrator or other employee of a local school administrative unit who delays or refuses to prepare and implement local safe school plans in accordance with G.S. 115C-105.47; and

(4) May revoke the certificate of the superintendent, pursuant to G.S. 115C-274(c), for failure to fulfill the superintendent's duties under a local safe school plan.

"§ 115C-105.47. Local safe school plans.

(a) Each local board of education shall develop a local school administrative unit safe school plan designed to provide that every school in the local school administrative unit is safe, secure, and orderly, that there is a climate of respect in every school, and that appropriate personal conduct is a priority for all students and all public school personnel. The board shall include parents, the school community, representatives of the community, and others in the development or review of this plan. The plan may be developed by or in conjunction with other committees.

(b) Each plan shall include each of the following components:

(1) Clear statements of the standard of behavior expected of students at different grade levels and of school personnel and clear statements of the consequences that will result from one or more violations of those standards. There shall be a statement of consequences for students under the age of 13 who physically assault and seriously injure a teacher or other individual on school property or at a school-sponsored or school-related activity. The consequences may include placement in an alternative setting.

(2) A clear statement of the responsibility of the superintendent for coordinating the adoption and the implementation of the plan, evaluating principals' performance regarding school safety, monitoring and evaluating the implementation of safety plans at the school level, and coordinating with local law enforcement and court officials appropriate aspects of implementation of the plan. The statement of responsibility shall provide appropriate disciplinary consequences that may occur if the superintendent fails to carry out these responsibilities. These

consequences may include a reprimand in the superintendent's personnel file or withholding of the superintendent's salary, or both.

(3) A clear statement of the responsibility of the school principal for restoring, if necessary, and maintaining a safe, secure, and orderly school environment and of the consequences that may occur if the principal fails to meet that responsibility. The principal's duties shall include exhibiting appropriate leadership for school personnel and students, providing for alternative placements for students who are seriously disruptive, reporting all criminal acts under G.S. 115C-288(g), and providing appropriate disciplinary consequences for disruptive students. The consequences to the principal that may occur shall include a reprimand in the principal's personnel file and disciplinary proceedings under G.S. 115C-325.

(4) Clear statements of the roles of other administrators, teachers, and other school personnel in restoring, if necessary, and maintaining a safe, secure, and orderly school environment.

(5) Procedures for identifying and serving the needs of students who are at risk of academic failure or of engaging in disruptive or disorderly behavior.

(6) Mechanisms for assessing the needs of disruptive and disorderly students, providing them with services to assist them in achieving academically and in modifying their behavior, and removing them from the classroom when necessary.

(7) Measurable objectives for improving school safety and order.

(8) Measures of the effectiveness of efforts to assist students at risk of academic failure or of engaging in disorderly or disruptive behavior.

(9) Professional development clearly matched to the goals and objectives of the plan.

(10) A plan to work effectively with local law enforcement officials and court officials to ensure that schools are safe and laws are enforced.

(11) A plan to provide access to information to the school community, parents, and representatives of the local community on the ongoing implementation of the local plan, monitoring of the local plan, and the integration of educational and other services for students into the total school program.

(12) The name and role description of the person responsible for implementation of the plan.

(13) Direction to school improvement teams within the local school administrative unit to consider the special conditions at their schools and to incorporate into their school improvement plans the appropriate components of the local plan for maintaining safe and orderly schools.

(14) A clear and detailed statement of the planned use of federal, State, and local funds allocated for at-risk students, alternative schools, or both.

(15) Any other information the local board considers necessary or appropriate to implement this Article.

A local board may develop its plan under this section by conducting a comprehensive review of its existing policies, plans, statements, and procedures to determine whether they: (i) are effective; (ii) have been updated to address recent changes in the law; (iii) meet the current needs of each school in the local school administrative unit; and (iv) address the components required to be included in the local plan. The board then may consolidate and supplement any previously developed policies, plans, statements, and procedures that the board determines are effective and updated, meet the current needs of each school, and meet the requirements of this subsection.

Once developed, the board shall submit the local plan to the State Board of Education and shall ensure the plan is available and accessible to parents and the school community. The board shall provide annually to the State Board information that demonstrates how the At-Risk Student Services/Alternative Schools Funding Allotment has been used to (i) prevent academic failure or (ii) promote school safety.

(c) The local board may amend the plan as often as it considers necessary or appropriate."

(2) G.S. 115C-105.27, as amended by Section 1 of S.L. 1997-159, reads as rewritten:

"**§ 115C-105.27. Development and approval of school improvement plans.**

In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team to develop a school improvement plan to improve student performance. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff. Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation. The strategies for improving student performance shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement ~~plan.~~ plan and shall include a plan to address school safety and discipline concerns in accordance with the safe school plan developed under Article 8C of this Chapter. The strategies may include a decision to use State funds in accordance with G.S. 115C-105.25. The strategies may also include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26.

Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for

a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school's proposed school improvement plan to the maximum extent possible when developing such a plan.

A school improvement plan shall remain in effect for no more than three years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans."

(3) The State Board of Education shall develop a plan to reward school principals for improving school safety and school climate. The Board shall report this plan, along with any recommended statutory changes, to the Joint Legislative Education Oversight Committee by April 15, 1998.

(4) Local boards of education shall begin implementation of local safe school plans developed under this section by the beginning of the 1998-99 school year.

(s) Effective when this act becomes law, G.S. 115C-402 reads as rewritten:

"**§ 115C-402. Student records; maintenance; contents; confidentiality.**

The official record of each student enrolled in North Carolina public schools shall be permanently maintained in the files of the appropriate school after the student graduates, or should have graduated, from high school unless the local board determines that such files may be filed in the central office or other location designated by the local board for that purpose.

The official record shall contain, as a minimum, adequate identification data including date of birth, attendance data, grading and promotion data, and such other factual information as may be deemed appropriate by the local board of education having jurisdiction over the school wherein the record is maintained. Each student's official record also shall include notice of any suspension for a period of more than 10 days or of any expulsion under G.S. 115C-391 and the conduct for which the student was suspended or expelled. The notice of suspension or expulsion shall be expunged from the record if the student (i) graduates from high school or (ii) is not expelled or suspended again during the two-year period commencing on the date of the student's return to school after the expulsion or suspension.

The official record of each student is not a public record as the term 'public record' is defined by G.S. 132-1. The official record shall not be subject to inspection and examination as authorized by G.S. 132-6."

(t) Effective November 1, 1997, G.S. 115C-288(g) reads as rewritten:

"(g) To Report Certain Acts to Law Enforcement. -- When the principal has ~~a reasonable belief~~ personal knowledge or actual notice from school personnel that an act has occurred on school property involving assault resulting in serious personal injury, sexual assault, sexual offense, rape, kidnapping, indecent liberties with a minor, assault involving the use of a weapon, possession of a firearm in violation of the law, possession of a weapon in violation of the law, or possession of a controlled substance in violation of the law, the principal shall immediately report the act to the appropriate local law enforcement agency. Failure to report under this

subsection is a Class 3 misdemeanor. For purposes of this subsection, 'school property' shall include any public school building, bus, public school campus, grounds, recreational area, or athletic field, in the charge of the principal. It is the intent of the General Assembly that the principal notify the superintendent and the superintendent notify the local board of any report made to law enforcement under this subsection."

(u) G.S. 115C-12 is amended by adding the following new subdivision to read:

"(27) Reporting Dropout Rates and Expelled Students. -- The State Board shall not include students that have been expelled from school when calculating the dropout rate. The Board shall maintain a separate record of the number of students who are expelled from school."

(v) The Board of Governors of The University of North Carolina, in consultation with the State Board of Education, the Administrative Office of the Courts, the Department of Crime Control and Public Safety, and other appropriate State agencies, shall develop a program for the ongoing training of school officials, local law enforcement officials, and local court officials. The program shall be designed to promote local collaboration on school safety and discipline issues. The Board of Governors shall report to the Joint Legislative Education Oversight Committee on the development of this program by January 15, 1998.

(w) Of the funds appropriated to the State Board of Education, the sum of ten million dollars ($10,000,000) for the 1997-98 fiscal year and the sum of ten million dollars ($10,000,000) for the 1998-99 fiscal year shall be allocated to Alternative Schools/At-Risk Students.

1. The following definitions apply to this policy.
   a. Violent criminal offenses are the following crimes as reported in the *"Report on School Crime and Violence"*:
      - Homicide
      - Assault Resulting in Serious Bodily Injury
      - Assault Involving Use of a Weapon
      - Rape

      - Robbery with a Dangerous Weapon
      - Robbery
      - Taking Indecent Liberties with a Minor

   b. A persistently dangerous school is a public elementary, middle or secondary school or a charter school in which a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during each of the two most recent school years and in which the conditions that contributed to the commission of those offenses are likely to continue into another school year.

2. Along with the annual Report on School Crime and Violence, the Superintendent for each LEA shall write and inform the State Board of Education of:
   a. All the public schools within that LEA that have reported a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during the most recent school year; and
   b. All the public schools within that LEA that have reported a total of five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) during each of the two most recent school years.

Whenever the State Board of Education has information that five or more violent criminal offenses were committed per 1000 students (0.5 or more per 100 students) in a public elementary, middle or secondary school or a charter school during each of the two most recent school years, the State Board of Education shall provide the local board of education or the nonprofit corporation that holds the charter for the school the opportunity to report on conditions in the school and any plans it may have to eliminate the conditions that contributed to the commission of the violent criminal offenses.

5. After consideration of that report and consultation with a representative sample of local educational agencies or charter schools, the State Board of Education shall determine whether the school is a persistently dangerous school, whether the school should be placed on probation, or whether no additional interventions are necessary to protect students from violent crimes.

6. During the probationary year, the school shall implement additional strategies to protect students from violent criminal offenses and incorporate them into the Safe Schools Plan.

7. If at any time during the probationary year, the State Board of Education determines that conditions that contributed to the commission of the violent criminal offenses in the school have not been eliminated, then the State Board of Education may determine that the school is a persistently dangerous school.

Students assigned to a school which the State Board of Education has determined to be persistently dangerous shall be allowed to attend another school in the LEA which is not designated a persistently dangerous school, provided there is such a school in the LEA which offers instruction at the student's grade level.

10. Any student who is the victim of a violent criminal offense committed against him or her while he or she was in or on the grounds of a public elementary, middle or secondary school or charter school that he or she attends shall be allowed to attend another school in the LEA, provided there is such a school in the LEA which offers instruction at the student's grade level and provided the student's choice shall not be limited to persistently dangerous schools.

11. Local school systems shall establish a process for assuring any student who has the right to transfer from a school under this policy is allowed to transfer to a school in the LEA which is not persistently dangerous. The process must be included in the system's Safe School Plan.

12. The LEA shall report each student transfer effected pursuant to this policy to the State Board of Education in its "Report on School Crime and Violence."

13. Nothing in this policy shall be construed to grant any student the right to attend a charter school, grant any student a preference in admission to a charter school or limit a student's right to transfer from a charter school.

SUBECT: Disciplinary Data Collection for 2002-03

Disciplinary Reporting Requirements

The State Board of Education is required by law to produce two reports each year involving disciplinary data: The Annual Report on School Violence and the Annual Study of Suspensions and Expulsions. The data for these reports are collected by DPI each year. Last year, the Disciplinary Data Collection Form (DDCF) was developed to collect the data needed to develop both of these reports. The 2002-03 version of the DDCF is again being made available to schools and LEAs to record data for the upcoming school year. It is basically identical to the form used during 2001-02, with a few modifications designed to make it easier to use.

Disciplinary Data Collection Form

The DDCF should be completed by every school during the 2002-03 school year. Unlike last year, when schools were given both paper and electronic versions of the DDCF and were allowed to submit data using either, this year schools are being required to submit electronic data. (Last year, about 75% of LEAs submitted electronic data.) The 2002-03 DDCF is in Microsoft Excel format, and it is available on DPI's website at

http://www.ncpublicschools.org/accountability/evaluation/ddcf/index.htm

Instructions for completing the DDCF and a list of frequently-asked questions and answers are also available at that website.

Confidentiality of Information

In order to conduct necessary data analyses (e.g., to separate number of offenses from offenders, to examine disaggregated results), student identification numbers are required. DPI can legally collect these data for research and evaluation purposes. The contractor working on this report for the DPI is an extension of the agency and has signed a confidentiality agreement which also allows them to have this information.

Training and Information

The Alternative/Safe Schools and Instructional Support Section and the Division of Accountability Services will hold optional regional training sessions for LEA and school staff as follows:

- August 27, Gateway Education Center, Greensboro
- September 9, Carteret Co. Schools Administrative Offices, Beaufort
- September 16, Department of Public Instruction, Raleigh
- September 17, Buncombe Co. Board of Education Bldg., Asheville

These training sessions will cover how and when to enter data into the DDCF and will answer any other questions school and LEA staff may have regarding the DDCF. The content of each training will be identical, and participants are free to attend whichever session best fits their schedule. A registration form and directions to each training site are attached to this memo. Staff can register by completing the form and faxing it to Brad McMillen at 919-807-3772 no later than one week prior to the training date. The registration form and directions are also posted at

http://www.ncpublicschools.org/accountability/evaluation/ddcf/index.htm.

Due Date

Data for all schools should be submitted by the LEA at the end of the school year. The DDCF for each school and the cover verification form (included in the instructions) are due from each LEA by **June 30, 2003** to:

Ms. Andrea Barefoot
Center for Urban and Community Affairs
North Carolina State University
Box 7401
Raleigh, NC 27695-7410

Due to the confidential nature of these data, we suggest that you do not email any DDCF data to Ms. Barefoot. We suggest that you put the files on a disk and send them through means by which they can be tracked (FedEx, UPS, registered mail, etc).

Questions	Questions about the DDCF or the training sessions should be directed to Brad McMillen, Division of Accountability Services (919-807-3808; bmcmille@dpi.state.nc.us) or Marguerite Peebles, Alternative/Safe Schools Section (919-807-3940; mpeebles@dpi.state.nc.us).
Retain Copies	Schools and/or LEAs should make a copy of their data before submitting it in the event that the data are lost or damaged in transit for any reason.

Instructions for Completing the North Carolina 2002-03 Disciplinary Data Collection Form

(revised 5/15/03)

What's New for 2002-03

The 2002-03 Disciplinary Data Collection Form is identical to the 2001-02 form, which was redesigned in the summer of 2001 to replace two data collection forms that have been required by DPI in the past. A few cosmetic changes have been made to provide for ease and accuracy of data entry. These include:

- the addition of drop-down menus for most fields to allow for "point-and-click" data entry;
- the addition of pop-up error messages that will inform the user when he/she has entered invalid data (e.g., entering data other than an M or F in the Gender field, etc.);
- the addition of field descriptions that can be accessed by clicking on the column headings.

The most significant change for the 2002-03 school year is the requirement that **all schools must submit electronic data,** either using the Microsoft Excel version of the Form that is available on DPI's website (http://www.ncpublicschools.org/Accountability/evaluation/ddcf/index.htm) or another software program that can produce an electronic Excel-compatible file analogus to that Excel file – same fields in the same order using the same coding rubric. Allowable formats include dBase, Lotus 1-2-3, Quattro Pro, and others. Questions about compatibility for LEAs and schools using other software for data collection should be directed to one of the DPI contact persons listed below. Please note that this change does not prohibit schools from recording their data on paper throughout the year; the data just need to be entered into an electronic file before being submitted at the end of the year.

When to Use this Form

Every time a legally-reportable offense, an out-of-school suspension[1] (short- or long-term), or an expulsion occurs at your school during the 2002-03 school year, a record should be entered on this form. Less serious incidents (such as those resulting in detentions, in-school suspensions and the like) do not need to be reported on this form, unless those incidents involve a legally-reportable offense, an out-of-school suspension, or an expulsion.

What to Enter on this Form

Using the instructions beginning on page 3, please provide all required information for each offender each time he/she commits any act that (a) must be reported to law enforcement or (b) results in a student offender being suspended out-of-school or expelled. Thus, an offender who re-commits a particular act or receives these disciplinary consequences on more than one occasion during the year should be listed each time any of these events occur. Be sure to document legally-reportable offenses that occur on school property[2] after normal or usual school operating hours, even if the offenders are unknown or known to be non-students. Also note as you read these instructions that some of the columns on the form apply only to student offenders, and therefore do not have to be completed if the offender is not a student.

---

[1] In-school suspensions should only be recorded on this form if they are incurred as a result of one of the 17 offenses that schools are required to report to law enforcement (see page 4 for a list of these).

[2] "School property" includes school grounds, school buses, and the location of any school-sponsored event.

How to Record Data

Data may be entered directly into the Microsoft Excel file provided on the aforementioned website. Data may also be recorded in another fashion as long as a Microsoft Excel-compatible datafile can be produced at the end of the year that conforms to the format of the file on the enclosed diskette (data fields in the same order, same codes used for each field, etc.). Schools are strongly encouraged to save a copy of their data before submitting it at the end of the year in the event that the data get lost or corrupted after they are submitted.

How to Submit Data

Please note that the submission of data to DPI on paper forms, which schools were allowed to do in past years, is no longer acceptable. All data must be submitted through the LEA Superintendent's office (or, in the case of charter schools, through the Director/Principal's office). LEA Superintendents and Charter School Directors/Principals must send a signed copy of the Verification Form (see page 10) along with the data to certify that the data are complete and accurate. Data need to be submitted to the contact person listed below at the end of the school year.

NOTE: For schools that have no out-of-school suspensions, expulsions, or legally reportable incidents, a simple written statement should be submitted along with the data from the other schools in the LEA that lists the names and 6-digit school codes of the schools that had no incidents. That way, we can separate schools whose data were not submitted from those who simply had no data to report.

The data will be collected and compiled for the agency by our contractors at NC State University. Please submit data files, along with the completed Verification Form, no later than June 30, 2003 to:

Marguerite Peebles
Alternative and Safe Schools/Instructional Support Section
NC Department of Public Instruction
6350 Mail Service Center
Raleigh, NC 27699-6350

Submitting data by emailing files is **not** recommended, due to the fact that individually-identifiable student information of a sensitive nature is involved. We suggest that data be submitted on CD, floppy disk, or other medium via a carrier that can track the package (FedEx, UPS, registered mail, etc).

Use the instructions on the following pages to record data on the form. If you have questions about how to complete the form or about submitting your data, please contact:

Column on Form	**What to Enter**
Incident #	Incident number. Number the first incident that occurs at your school during the 2002-03 school year with a '1', and count upward from there as subsequent incidents occur at your school. **If more than one offender is involved in the same incident, enter the required information for each offender on separate rows using the same incident number** (see the examples on page 11 for an illustration of how this should be done.) If an incident occurs at a school where the student offender(s) are not members, the school where the incident occurred must report the incident on its form.
Date Incident Occurred	The date on which the specified incident occurred, in MM/DD/YY format (e.g., 12/10/01, 9/6/01, etc.)
Offender Identity	Identity of the person committing the offense(s) during the incident *(NOTE: If the offender is not a student, you can skip to the "Offense #1" column after completing this column)*: 1 = Student from the school where the incident occurred 2 = Staff 3 = Parent/Caregiver 4 = Student from another school 5 = Unidentified offender 6 = Other *(enter a brief explanation in Other/Comments column)*
SSN or Student ID Number	Social Security Number or other ID number of the offender, if the offender is a student. Enter this number without the hyphens (e.g., 241568456, not 241-56-8456).
Gender – Student Offender	Gender of student offender. NOTE: Must be entered as a capitalized letter – entries of 'm' or 'f' will result in an error message. M = Male F = Female

A = Asian-American B = Black/African-American H = Hispanic I = American Indian/Native American M = Multi-racial W = White O = Other ethnicity *(enter a brief explanation in Other/Comments column)*

Age – Student Offender	Age in years of student offender.
Grade Level – Student Offender	Grade level of student offender. Even if the student offender is from another school, this information should be entered if at all possible.
EC Status – Student Offender	Offender's Exceptional Children status at the time of the incident, if the offender is a student. *(NOTE: Use "1" for non-exceptional students, do not just leave the column blank)*: 1 = Not exceptional/non-disabled 2 = Autistic 3 = Behaviorally-Emotionally Disabled 4 = Deaf-Blind 5 = Hearing Impaired 6 = Visually Impaired 7 = Educably Mentally Disabled 8 = Trainably Mentally Disabled 9 = Specific Learning Disabled 10 = Speech/Language Impaired 11 = Orthopedically Impaired 12 = Traumatic Brain Injured 13 = Multihandicapped/Multiply Disabled 14 = Developmentally Delayed 15 = Other Health Impaired
Offense #1 and Offense #2	Nature of the offense(s) that resulted in the disciplinary action(s) for the offender. Enter the appropriate code for the offense committed under "Offense #1". If there was a second offense committed concurrently, enter the code for that offense in the "Offense #2" column. Otherwise, leave the Offense #2 column blank. Specific definitions for each of these offenses are found on pages 7-9 of this document. 1 = Assault resulting in serious injury 2 = Assault involving use of a weapon 3 = Assault on school personnel (not resulting in serious injury) 4 = Bomb threat 5 = Burning of a school building 6 = Death by other than natural causes 7 = Kidnapping 8 = Possession of alcoholic beverage 9 = Possession of controlled substance in violation of law 10 = Possession of a firearm or powerful explosive 11 = Possession of a weapon (excluding firearms and powerful explosives) 12 = Rape 13 = Robbery with a dangerous weapon 14 = Robbery without a dangerous weapon 15 = Sexual assault (not involving rape or sexual offense) 16 = Sexual offense 17 = Taking indecent liberties with a minor 18 = Other offense resulting in an out-of-school suspension or expulsion

#1 – Reported to Law Enf. and #2 – Reported to Law Enf.	Indicate whether Offense #1 and/or Offense #2 were reported to law enforcement. NOTE: Must be entered as a capitalized letter – entries of 'y' or 'n' will result in an error message. Y = Yes N = No
Weapon Used/Possessed	Type of weapon used or possessed by the offender, if any. If neither the primary nor the secondary offense involved a weapon, leave this column blank. 1 = Handgun 2 = Rifle 3 = Shotgun 4 = Other firearm 5 = Knife 6 = Box cutter 7 = Razor 8 = Other *(enter a brief explanation in Other/Comments column)*
Consequence – 1 and Consequence – 2 and Consequence – 3	Type of consequence(s) incurred for the offense(s) committed. Use these columns to record up to 3 types of consequences incurred by the offender *(NOTE: codes 9-11 apply only to exceptional students)*: 1 = Detention (during or after school) 2 = Privileges taken away 3 = In-school suspension (ISS; use only in conjunction with offense codes 1 through 17) 4 = Out-of-school suspension (OSS) 5 = Expulsion 6 = Student placed in an Alternative School 7 = Student placed in an Alternative Learning Program 8 = Offender referred to a treatment program 9 = Unilateral change in placement (EC students only) 10 = Hearing held, resulting in no change in placement (EC students only) 11 = Change in placement due to determination of a Hearing Officer (EC students only) 12 = Student placed in homebound instructional program 13 = Community legal/court system action or decision pending 14 = Other *(enter a brief explanation in Other/Comments column)*
If OSS - Number of Days and If ISS - Number of Days	These columns only need to be completed if the offender is a student and if OSS or ISS are used as consequences for the offense(s) recorded (i.e., if a 3 or 4 is coded in one of the Consequence columns). If OSS and/or ISS are used as a consequence, use these columns to record the total number of school days (not calendar days) the student is suspended. For example, if one of the consequences for an offense was a one-week OSS, you would record a 5 in the "OSS - Number of Days" column for that student. An exception to this is a mandatory "365-day" suspension, which is recorded as calendar days.

Victim Type - 1 and Victim Type - 2 and Victim Type - 3	Identity of victim affected by the offense(s) committed. Use these three columns to record up to 3 different types of victims involved. If there is no victim associated with the offense(s), leave these columns blank. 1 = Student from the school where the incident occurred 2 = Staff 3 = Parent/Caregiver 4 = Student from another school 5 = Other *(enter a brief explanation in Other/Comments column)*
Other/Comments	Use this field to explain any uses of the "Other" codes for the previous fields, or to document any other clarifications or explanations associated with the data recorded for the particular offense(s).

FROM: Elsie C. Leak, Associate Superintendent
Curriculum and School Reform Services

Marvin R. Pittman, Director
Division of School Improvement

SUBJECT: Annual Report on School Crime and Violence Data Verification

Please find attached a copy of the disciplinary data information for the schools in your Local Education Agency or Charter School. This information was provided to the Department of Public Instruction via disk and then transferred to the attached version.

The attached verification sheet is being provided in an effort to allow Superintendents and Charter School Directors an opportunity to verify data before it is presented in the Annual Report on School Crime and Violence document. If the information on Table 6-A does not match the data that was submitted on the school disciplinary data disk, identify the error and indicate the changes to be made before you fax a copy of the sheet.

Since this information is time sensitive, it is important for you to fax the corrected Table 6-A and the verification form by **Friday, September 26, 2003** to 919-807-3917. If you do not have access to a fax, mail the information to the address below prior to September 26.

Disciplinary Data Collection Form
Frequently Asked Questions (and Answers)

1. Where can I obtain a copy of the Form and the instructions?

   The form and accompanying instructions are available online by going to: http://www.ncpublicschools.org/accountability/evaluation/ddcf/index.htm . The Form is in Microsoft Excel format, and the instructions are included as a worksheet within that Excel file. The instructions are also available separately in both Microsoft Word and Adobe PDF formats. These files will be available on this website throughout the school year in case you need to get new copies at any point.

2. Do incidents reported to School Resource Officers (SROs) still count as a report to law enforcement?

   Yes, if they are duly sworn to act in the capacity of the local law enforcement agency with power to arrest, and they are authorized to serve in that capacity within the school system. If one of the 17 reportable offenses is reported to an SRO, a police activity number must be documented (as on the old Incident Record form) to insure that the offense has been reported to a legitimate local law enforcement representative.

3. What software do I need to use the electronic version of the Disciplinary Data Collection Form?

   The file is in Microsoft Excel format and is compatible with either a PC or Macintosh platform. LEAs are free to use other software programs to collect the data, as long as the data are submitted to DPI in Excel format at the end of the year.

4. How long will we need to use this Form?

   Currently, the expectation is that this form will be used until an online system is developed. This system is scheduled to be in place for the 2004-05 school year.

5. Is there any money to help upgrade locally developed software?

   No funds have been allocated for this purpose. However, LEAs have state and local allocations that could be used for these purposes.

6. What is the central office coordinator expected to do with the data before submitting it to NCDPI?

   For the purpose of reporting to the state, LEAs must:
   - **Compile reports for all of the schools**
   - **Verify that the data are correct**
   - **Submit the data to NCDPI**

7. How will schools and/or LEAs receive notification of errors?

   The Alternative and Safe Schools Section will notify superintendents about errors. Superintendents will then be responsible for notifying schools.

8. If multiple persons fill out the form at the same school, is that a problem?

   No, but some provision will have to be made for ensuring that each of the incident numbers recorded within a school is unique. In other words, where more than one person is authorized to enter discipline data, each person's running record of incidents must be identified as his/her own, particular entries. This is to ensure that:

1) No incident is recorded more than once (i.e., accidentally entered by more than one data-entry person), and
2) We can all easily and correctly total all incidents that are recorded for a school at any given time.

Perhaps the most efficient and effective system would be for each data-entry person to use his/her initials as part of each entered Incident #. For example, data entry person #1 would enter his or her incidents as 1-DS, 2-DS, etc., and data entry person #2 would enter his as 1-BM, 2-BM, etc. Besides ensuring numbers 1 and 2 above, this system would allow a school to know who entered specific incidents should follow-up of a particular recorded incident be necessary--i.e., it would offer a handy bookkeeping or accounting tool.

9. We have invested in computer software for our school system that tracks the type of information required on the Form. Should we upgrade/modify and continue to use this software for data collection?

If the LEA's software can be modified to provide DPI with the required data in the format in which it is requested, there is not a problem with continued use of the existing software programs. Some programs (such as D-TRAK) have built-in capabilities to produce the necessary data very easily. Schools using any special software programs to collect disciplinary data should check with the manufacturer to determine whether their program can produce the data that DPI requires.

10. What is the difference between this Form and the one that was in use in 2002-03?

There is no difference.

11. Is the one percent (1%) bonus for principals attached to the completion of the Disciplinary Data Collection Form? Will the 1% bonus money be available for the 2003-2004 school year?

No, unless required by the LEA.

12. Who should be responsible for completing the Form?

Individual schools and/or LEAs will have flexibility in deciding who will be responsible. The principal should verify the data before sending it to the central office. It is the primary responsibility of the Superintendent to verify that the reported data is complete and accurate when the LEA submits it to NCDPI.

13. Are we expected to report all of the offenses listed on the Form to law enforcement?

Only the 17 reportable offenses required by state law and/or State Board of Education policy are required to be reported to law enforcement. However, that does not preclude schools from reporting other offenses if they feel it is appropriate.

14. What if an incident involves an individual offender committing more than the two offenses simultaneously?

When documenting more than two offenses committed by the same individual at the same time, continue recording further offenses on the next line. Be sure to repeat the same Incident Number, Date Incident Occurred and Student Social Security Number or I.D. Number on the continuation line.

15. When should we use the "Other/Comments" field on the Form?

Whenever additional information that would clarify or further explain the recorded incident is in order.

16. Are the definitions of legally-reportable offenses (i.e., offenses coded 1-17) the same as in previous years?

Yes.

17. Are alternative schools expected to complete the Form?

Yes. They should complete the form using their school code just like any other school.

18. Should alternative learning programs complete the Form?

- **If the program is located on an official school site, incidents occurring in the ALP can either be recorded as part of the host school's discipline report or on a separate report, using the ALP's "Program Name" (e.g. Success Academy) on the line designated for school code.**
- **If a program is not located on a school site (e.g. separate facility that does not have a school code), then that program should complete their own Form, using the ALP's "Program Name" (e.g. Success Academy) on the line designated for school code.**

19. Do all discipline cases, however minor (e.g. class disruption) or however minor the consequence (e.g. detention or ISS) has to be reported? What about minor discipline incidents where we remove a student from class and require his parent to come in for a conference before the student can return to class?

No. There are only 2 categories of offenses that need to be reported on the Form:

- **Any of the reportable offenses coded 1-17, <u>regardless of the consequences that result.</u> These offenses always have to be reported on the form.**

- **Any other offense, which is coded as an "18" under this system, that results in an <u>out-of-school suspension of any length of time or expulsion</u>--i.e. any offense that results in a student getting put out of school for any length of time. Note that this condition does <u>not</u> call for reporting offenses coded as 18 that result in ISS. It was determined that having to report these cases would represent too great a reporting burden.**

20. What if our school has no incidents to report for the entire year?

If this is the case, then LEAs will need include information to that effect when they send in the data for all of their other schools at the end of the year. That way, we will know that the absence of information for that school is not because the school forgot to submit the data. Some kind of written statement is all that is required.

21. Many of the students in our LEA are attending summer school this year. Do we have to report incidents that occur in summer school?

No. Schools on a year-round calendar, however, will be expected to record incidents that occur at any time during the year when they are in session.

22. Once I have entered data into the Form, can I print it out?

Yes. However, if you simply print the Excel worksheet as is, you will end up printing out lots of blank pages in addition to your data. When printing, be sure to specify the page range to print (under the File.../Print... menu option) so that you only print only as many pages as you need.

23. If a student from another school commits an offense on my campus, which school records the data for that offense?

The determining factor for deciding which school records the offense is the location where the offense took place. The school where the offense occurred is responsible for reporting that offense on their Form. The school would simply use the appropriate code on the Form to show that the offender was a student from another school.

24. When I click with my mouse onto the column headings on the Form, I don't see a field description like it says I should. Why not?

If you are using the Form with a version of Microsoft Excel prior to version 2000 (e.g., Excel 97, Excel 95, etc.), these descriptions cannot be viewed by clicking on the column heading with your mouse. If you are using one of these older versions of Excel, you must move your cursor onto the column headings by using the arrow keys on the keyboard to view the descriptions. Descriptions of the fields are also available on the worksheet labeled "Instructions-Codes-Definitions" behind the Form.

Examples of How to Record Incidents Using the DDCF

Here are four hypothetical incidents occurring at a school during the 2002-03 school year. The table below shows how these incidents would be recorded on the Disciplinary Data Collection Form.

Example Incident #1

On September 28, a seventeen year-old 11th grade White male student was suspended out-of-school for one week (five school days) for hitting his teacher.

Example Incident #2

On October 4, a sixteen year-old White male and a fifteen year-old White male, both of whom are in the 10th grade, get into a fight in the cafeteria. Both are suspended out-of-school for three days. The principal decides not to report the fight to law enforcement.

Example Incident #3

On October 19, a fifteen year-old Hispanic female and a sixteen year-old White female, both of whom are in the 10th grade, are suspended out-of-school for three weeks (15 school days) after being caught smoking marijuana in the bathroom.

Example Incident #4

A football game is held on the school grounds on the night of October 25. A Black female student from the "home" school attends the game, and is sexually assaulted in the stands by a Black male student from the "visiting" school. He is eighteen years old and is in the 12th grade. He is also found to be in possession of alcohol at the time. He is expelled from school and is referred to an alcohol abuse treatment program.
